Computational Collective Intelligence. Technologies and Applications: Second International Conference, ICCCI 2010, Kaohsiung, Taiwan, November 10-12, ... Part II (Lecture Notes in Computer Science)

This volume composes the proceedings of the Second International Conference on Computational Collective Intelligence—Technologies and Applications (ICCCI 2010), which was hosted by National Kaohsiung University of Applied Sciences and Wroclaw University of Technology, and was held in Kaohsiung City on November 10-12, 2010. ICCCI 2010 was technically co-sponsored by Shenzhen Graduate School of Harbin Institute of Technology, the Tainan Chapter of the IEEE Signal Processing Society, the Taiwan Association for Web Intelligence Consortium and the Taiwanese Association for Consumer Electronics. It aimed to bring together researchers, engineers and po- cymakers to discuss the related techniques, to exchange research ideas, and to make friends. ICCCI 2010 focused on the following themes: • Agent Theory and Application • Cognitive Modeling of Agent Systems • Computational Collective Intelligence • Computer Vision • Computational Intelligence • Hybrid Systems • Intelligent Image Processing • Information Hiding • Machine Learning • Social Networks • Web Intelligence and Interaction Around 500 papers were submitted to ICCCI 2010 and each paper was reviewed by at least two referees. The referees were from universities and industrial organizations. 155 papers were accepted for the final technical program. Four plenary talks were kindly offered by: Gary G. Yen (Oklahoma State University, USA), on “Population Control in Evolutionary Multi-objective Optimization Algorithm,” Chin-Chen Chang (Feng Chia University, Taiwan), on “Applying De-clustering Concept to Information Hiding,” Qinyu Zhang (Harbin Institute of Technology, China), on “Cognitive Radio Networks and Its Applications,” and Lakhmi C.

From reader reviews:

Lauren Joseph:

Now a day people that Living in the era where everything reachable by connect with the internet and the resources in it can be true or not demand people to be aware of each details they get. How a lot more to be smart in getting any information nowadays? Of course the solution is reading a book. Reading through a book can help folks out of this uncertainty Information specifically this Computational Collective Intelligence. Technologies and Applications: Second International Conference, ICCCI 2010, Kaohsiung, Taiwan, November 10-12, ... Part II (Lecture Notes in Computer Science) book because this book offers you rich data and knowledge. Of course the information in this book hundred % guarantees there is no doubt in it as you know.

Esta Banks:

The event that you get from Computational Collective Intelligence. Technologies and Applications: Second International Conference, ICCCI 2010, Kaohsiung, Taiwan, November 10-12, ... Part II (Lecture Notes in Computer Science) is a more deep you rooting the information that hide in the words the more you get interested in reading it. It does not mean that this book is hard to comprehend but Computational Collective Intelligence. Technologies and Applications: Second International Conference, ICCCI 2010, Kaohsiung, Taiwan, November 10-12, ... Part II (Lecture Notes in Computer Science) giving you joy feeling of reading. The article writer conveys their point in a number of way that can be understood by simply anyone who read that because the author of this e-book is well-known enough. This book also makes your current vocabulary increase well. So it is easy to understand then can go together with you, both in printed or e-book style are available. We advise you for having this particular Computational Collective Intelligence. Technologies and Applications: Second International Conference, ICCCI 2010, Kaohsiung, Taiwan, November 10-12, ... Part II (Lecture Notes in Computer Science) instantly.

Tamara Evans:

Are you kind of busy person, only have 10 as well as 15 minute in your day to upgrading your mind expertise or thinking skill actually analytical thinking? Then you are experiencing problem with the book as compared to can satisfy your limited time to read it because all this time you only find publication that need more time to be go through. Computational Collective Intelligence. Technologies and Applications: Second International Conference, ICCCI 2010, Kaohsiung, Taiwan, November 10-12, ... Part II (Lecture Notes in Computer Science) can be your answer as it can be read by an individual who have those short time problems.

Julio Huntsman:

A lot of people said that they feel bored when they reading a publication. They are directly felt it when they

get a half areas of the book. You can choose the book Computational Collective Intelligence. Technologies and Applications: Second International Conference, ICCCI 2010, Kaohsiung, Taiwan, November 10-12, ... Part II (Lecture Notes in Computer Science) to make your personal reading is interesting. Your own skill of reading talent is developing when you including reading. Try to choose simple book to make you enjoy to learn it and mingle the feeling about book and studying especially. It is to be first opinion for you to like to open up a book and study it. Beside that the e-book Computational Collective Intelligence. Technologies and Applications: Second International Conference, ICCCI 2010, Kaohsiung, Taiwan, November 10-12, ... Part II (Lecture Notes in Computer Science) can to be your new friend when you're experience alone and confuse in what must you're doing of their time.
