OVERVIEW:

A kindle version of the Yusuf Ali translation of the holy Qur'an that is complete and correct. Abdullah Yusuf Ali was the second muslim to translate the Qur'an into english and his version is the most widely used english version to date. His translation is easy to understand and flows smoothly which is one of the reasons why so many mosques prefer to give it to islamic converts, reverts or anyone wanting to know more about the religion.

Muslims believe that the Qur'an is the word of God and was given to the prophet Muhammed (may peace be upon him) and he passed it on to mankind.

So many people want to understand the religion of Islam however there are many misconceptions about it because of media coverage on the news, misinformation on the internet and even harsh translations of the Qur'an floating around out there. I just hope this helps people wanting to know more about the religion, God willing.
