American Culture in the 1960s (Twentieth Century American Culture EUP)

Sharon Monteith

American Culture in the 1960s (Twentieth Century American Culture EUP) Sharon Monteith
This book charts the changing complexion of American culture in one of the most culturally vibrant of twentieth-century decades. It provides a vivid account of the major cultural forms of 1960s America - music and performance; film and television; fiction and poetry; art and photography - as well as influential texts, trends and figures of the decade: from Norman Mailer to Susan Sontag; from Muhammad Ali's anti-war protests to Tom Lehrer's stand-up comedy; from Bob Dylan to Rachel Carson; and from Pop Art to photojournalism. A chapter on new social movements demonstrates that a current of conservatism runs through even the most revolutionary movements of the 1960s and the book as a whole looks to the West and especially to the South in the making of the sixties as myth and as history.
