Genesis Force (Star Trek Next Generation: Genesis Wave) (Bk.4) John Vornholt
The Genesis Wave has left a deadly legacy in its wake...The full extent of the devastation caused by the Genesis Wave is only now truly being recognised. An entire sector of space has been reduced to the most primative levels, and more than one high-tech interstellar opportunist is rushing in to take advantage of the situation. Standing against them is the Genesis Force, a covert Federation group of humans and aliens with extra abilities greater than those of the average humanoid. Their mission is to protect the people of the newly named Genesis Sector from those who would seek to conquer and exploit them.
