Animal Ethics: The Basics

Tony Miligan

Animal Ethics: The Basics Tony Miligan

Animal Ethics has long been a highly contested area with debates driven by unease about various forms of animal harm, from the use of animals in scientific research to the farming of animals for consumption. *Animal Ethics: The Basics* is an essential introduction to the key considerations surrounding the ethical treatment of animals. Taking a thematic approach, it outlines the current arguments from animal agency to the emergence of the 'political turn'. This book explores such questions as:

- Can animals think and do they suffer?
- What do we mean by speciesism?
- Are humans special?
- Can animals be political or moral agents?
- Is animal rights protest ethical?

Including outlines of the key arguments, suggestions for further reading and a glossary of key terms, this book is an essential read for philosophy students and readers approaching the contested field of Animal Ethics for the first time.
