Microsoft Manual of Style for Technical Publications Microsoft Corporation

Developed by Microsoft’s senior editors and content managers, this manual of style captures the up-to-date standards and best practices for delivering clear and consistent technical communications. Now in its third edition, this popular reference has been fully revised, expanded, and optimized for ease of use. You’ll find new coverage on meeting the needs of a global audience, accessibility concerns, and the latest technical terms and acronyms—along with expertly organized sections on usage, grammar, punctuation, tone, formatting, and common style problems. Whether you’re creating print documentation, online help, Web content, or other communications, you’ll get the information and examples you need to maximize the impact and precision of your message.

Get clear, concise guidance to help you:

- Use technical terms correctly and consistently—including do’s, don’ts, and alternatives for usage.
- Employ the appropriate tone and voice for your audience.
- Produce written and visual content suitable for a worldwide audience.
- Apply best practices for writing and tagging Web content.
- Write better documentation—from dialog boxes and error messages to Web pages and software code.
- Know the standards for creating accessible communications.
- Optimize your indexes, cross-references, and keyword lists.
- Get fast answers on spelling, grammar, and punctuation.

CD includes:

- Complete eBook inside

A Note Regarding the CD or DVD

The print version of this book ships with a CD or DVD. For those customers purchasing one of the digital formats in which this book is available, we are pleased to offer the CD/DVD content as a free download via O'Reilly Media's Digital Distribution services. To download this content, please visit O'Reilly's web site, search for the title of this book to find its catalog page, and click on the link below the cover image (Examples, Companion Content, or Practice Files). From reader reviews:

Ian Louviere:

Do you have favorite book? When you have, what is your favorite's book? Publication is very important thing for us to understand everything in the world. Each e-book has different aim or perhaps goal; it means that e-book has different type. Some people truly feel enjoy to spend their the perfect time to read a book. They can be reading whatever they have because their hobby is reading a book. What about the person who don't like reading through a book? Sometime, person feel need book after they found difficult problem or even exercise. Well, probably you will require this Microsoft Manual of Style for Technical Publications.

Donald Wexler:

The book Microsoft Manual of Style for Technical Publications can give more knowledge and also the precise product information about everything you want. So just why must we leave the best thing like a book Microsoft Manual of Style for Technical Publications? A number of you have a different opinion about guide. But one aim that will book can give many details for us. It is absolutely appropriate. Right now, try to closer along with your book. Knowledge or info that you take for that, you may give for each other; you may share all of these. Book Microsoft Manual of Style for Technical Publications has simple shape but you know: it has great and big function for you. You can look the enormous world by wide open and read a reserve. So it is very wonderful.

Scott Settle:

The book Microsoft Manual of Style for Technical Publications has a lot details on it. So when you make sure to read this book you can get a lot of help. The book was compiled by the very famous author. The author makes some research just before write this book. That book very easy to read you can obtain the point easily after scanning this book.

Gene Conley:

The reason? Because this Microsoft Manual of Style for Technical Publications is an unordinary book that the inside of the publication waiting for you to snap the idea but latter it will surprise you with the secret the idea inside. Reading this book close to it was fantastic author who have write the book in such wonderful way makes the content on the inside easier to understand, entertaining method but still convey the meaning entirely. So , it is good for you because of not hesitating having this anymore or you going to regret it. This phenomenal book will give you a lot of gains than the other book get such as help improving your ability and your critical thinking way. So , still want to hesitate having that book? If I were being you I will go to the publication store hurriedly.
