This story will take you right back to the exciting hippie days of the 70’s in Europe. Bernardo was 14 years old when Woodstock took place. Follow his spiritual development from an early age to becoming a full-fledged hippie. His travels will take you to former famous hippie-hangouts like Amsterdam, Ibiza, Formentera and La Gomera. Somewhere along his way he meets Anne, another hippie drop-out. From that point on the story takes you on a very intensive spiritual journey as they struggle to find their way in search of a better world. The story focuses on the idealism of many young people in those days and their quest to find inner peace and what to do with their lives in a world they don’t understand. This novel is not only of historical value, but also addresses a lot of problems that humanity is still facing today, such as the ongoing destruction of mother earth and its resources, the way people treat each other and animals, and the pursuit of inner peace. The message contained in this book promotes tolerance, understanding, love and peace in the world.
