On This Earth: Photographs from East Africa Nick Brandt
Nick Brandt depicts the animals of East Africa with an intimacy and artistry unmatched by other photographers who choose wildlife as their subject. He creates these majestic sepia and blue-tone photos contrasting moments of quintessential stillness with bursts of dramatic action by engaging with these creatures on an exceptionally intimate level, without the customary use of a telephoto lens. Evocative of classical art, from dignified portraits to sweeping natural tableaux, Brandt's images artfully and simply capture animals in their natural states of being. With a foreword by Alice Sebold and an introduction by Jane Goodall, *On This Earth* is a gorgeous portfolio of some of the last wild animals and a heartfelt elegy to a vanishing world.
