Standards of Value: Theory and Applications Jay E. Fishman
Expert direction on interpretation and application of standards of value

Written by Jay Fishman, Shannon Pratt, and William Morrison—three renowned valuation practitioners—*Standards of Value, Second Edition* discusses the interaction between valuation theory and its judicial and regulatory application. This insightful book addresses standards of value (SOV) as applied in four distinct contexts: estate and gift taxation; shareholder dissent and oppression; divorce; and financial reporting. Here, you will discover some of the intricacies of performing services in these venues.

- Features new case law in topics including personal good will and estate and gift tax, and updated to cover the new standards issued since the first edition
- Includes an updated compendium discussing the standards of value by state, new case law covering divorce, personal goodwill, and estate and gift tax, and coverage of newly issues financial standards
- Shows how the Standard of Value sets the appraisal process in motion and includes the combination of a review of court cases with the valuator's perspective
- Addresses the codification of GAAP and updates SOV in individual states
