Authorities: Conflicts, Cooperation, and Transnational Legal Theory

Nicole Roughan

Authorities: Conflicts, Cooperation, and Transnational Legal Theory Nicole Roughan
The interaction between state, transnational and international law is overlapping and often conflicting. Yet despite this messiness and multiplicity, law still creates obligations for its subjects. Despite its plurality, law still claims some kind of authority.

The implications of this plurality of law can be troubling. It generates uncertainty for law-users over which law they are bound by, or for law-makers over the limits of their authority. Thus the practical problem is not plurality of law in itself, rather confusion over law's authority in such pluralist circumstances.

Roughan argues that understanding authority in such pluralist circumstances requires a new conception of 'relative authority.'

This book seeks to provide the theoretical tools needed to bring the disciplines examining legal and constitutional pluralism, into more direct engagement with theories of authority, by examining the one practice in which they are all interested: the practice of public authority.
