Beyond Secular Order: The Representation of Being and the Representation of the People

John Milbank

Beyond Secular Order: The Representation of Being and the Representation of the People John Milbank

Beyond Secular Order is the first of a two-volume work that expands upon renowned theologian John Milbank's innovative attempt to understand both theology and modern thought begun in his previously published classic text *Theology and Social Theory*.

- Continues Milbank's innovative attempt to understand both theology and modern thought begun in *Theology and Social Theory* – considered a classic work in the development of systematic theology
- Authored by one of the world's most influential and highly regarded contemporary theologians
- Draws on a sweep of ideas and thinkers to argue that modern secularism is a form of Christian heresy that developed from the Middle Ages and can only be overcome by a renewed account of Christendom
- Shows how this heresy can be transformed into a richer blend of religion, modernity and politics
- Reveals how there is a fundamental homology between modern ideas about ontology and knowledge and modern ideas about political action, expressed in both theory and practice
