Memoirs of My Childhood: The Girl from St. Vincent, West Indies Annice Browne
The late fifties to sixties in the Caribbean was an era of mass migration by young people between the ages of twenty to forty years old. They travelled alone to developed countries in pursuit of a better life, and this was a huge sacrifice for many parents with children. This mass exodus divided families, and children were left with grandparents or extended family members to take care of them. Annice was raised by grandparents after her parents emigrated to the UK. This book is about an intrepid childhood journey, which takes you back to the sixties lifestyle. Annice highlights the stark contrast between the culture of the Caribbean and that of the UK. She recalls how families coped without electricity and running water in homes. As well as containing wise words to inspire all ages, this book offers an adventurous collection of childhood mischief, fun, and laughter. At the very least, it’s a trip down memory lane, a reminiscence of bygone days, and for young readers, it’s a journey to an imagined past. Annice Browne’s career spans over thirty years as a Personal Assistant during which she gained professional qualifications in Secretarial work and a BTEC in computer studies. The idea to write her childhood memoirs came about after reading books by the novelist Catherine Cookson, and many autobiographies of famous people (Maya Angelou and Nelson Mandela to name a few). Annice has great admiration for the author, Iyanla Vanzant, and her unique style of writing. Annice's daily motto is: “We should live our lives with good intentions.”
