Interesting People (Interesting Times) (Volume 3) Matthew Storm
It's been six months since Sally Rain shattered Earth's timeline and was banished by Artemis to the Island, a mystical prison, to live out the rest of her days alone. Oliver Jones, once called the most dangerous man in the world, still hasn't forgiven Artemis for her decision. Things are bad enough at the office when Oliver is sent to investigate two killings that seem oddly familiar to Artemis. She suspects that Jack the Ripper, who her team defeated more than a hundred years ago, may have escaped from his own mystical prison and returned to Earth. But Artemis hasn't told her team everything. Shattering the timeline had consequences none of them could have foreseen, and Jack the Ripper isn't the only threat on the loose. Artemis is being hunted, and she's going to need all the help she can get if she's going to survive.
