Peter Cave

Can a Robot be Human?: 33 Perplexing Philosophy Puzzles Peter Cave
Can you believe someone who says ‘I’m telling the truth now’? Can a robot be human? What’s the best way to win a game of chicken? And how do you know you’re not dreaming right now? In this book of puzzles and paradoxes, Peter Cave introduces some of life’s most important questions with tales and tall stories, jokes and arguments, common sense and bizarre conclusions. From how to get to heaven, to speedy tortoises, here are some of the most mind-bending problems in subjects like logic, ethics, art, and politics – and some tips on how to solve them! Illustrated with quirky cartoons throughout, The Unusual, Please! takes the reader on a taster tour of the most interesting and delightful parts of philosophy. For everyone who puzzles about the world.

From reader reviews:

Michael Scott:

In this 21st millennium, people become competitive in most way. By being competitive now, people have do something to make all of them survives, being in the middle of typically the crowded place and notice through surrounding. One thing that at times many people have underestimated this for a while is reading. That's why, by reading a publication your ability to survive increase then having chance to remain than other is high. To suit your needs who want to start reading any book, we give you this Can a Robot be Human?: 33 Perplexing Philosophy Puzzles book as starter and daily reading reserve. Why, because this book is usually more than just a book.

Deborah Ayers:

Now a day individuals who Living in the era just where everything reachable by match the internet and the resources within it can be true or not require people to be aware of each info they get. How a lot more to be smart in obtaining any information nowadays? Of course the answer is reading a book. Studying a book can help persons out of this uncertainty Information particularly this Can a Robot be Human?: 33 Perplexing Philosophy Puzzles book since this book offers you rich information and knowledge. Of course the info in this book hundred pct guarantees there is no doubt in it you know.

Daphne Jones:

Information is provisions for those to get better life, information currently can get by anyone in everywhere. The information can be a knowledge or any news even a problem. What people must be consider while those information which is in the former life are challenging to be find than now's taking seriously which one is appropriate to believe or which one often the resource are convinced. If you have the unstable resource then you buy it as your main information we will see huge disadvantage for you. All of those possibilities will not happen within you if you take Can a Robot be Human?: 33 Perplexing Philosophy Puzzles as the daily resource information.

Diane Sanchez:

Playing with family inside a park, coming to see the water world or hanging out with pals is thing that usually you may have done when you have spare time, in that case why you don't try matter that really opposite from that. Just one activity that make you not experience tired but still relaxing, trilling like on roller coaster you have been ride on and with addition of knowledge. Even you love Can a Robot be Human?: 33 Perplexing Philosophy Puzzles, you can enjoy both. It is very good combination right, you still want to miss it? What kind of hangout type is it? Oh come on its mind hangout people. What? Still don't obtain it, oh come on its called reading friends.
