Deluge of the Dead (Sovereign Spirit Saga #3) David Forsyth
The 3rd book in the Sovereign Spirit Saga expands the scope of rescue operations and reveals that there are worse threats than undead cannibals facing survivors of the zombie apocalypse. This 100,000 word novel continues the apocalyptic adventure that started with "Voyage of the Dead" and "Flotilla of the Dead" (which should be read in order for full effect). It is also included in the Kindle edition of "Sovereign Spirit Saga: Volume One."

Follow Scott, Carl and their companions as they struggle to defend a stronghold of civilization in the face of overwhelming odds. You may be surprised at which of the characters you have come to know and love (or hate) fall victim to the apocalypse and you will be shocked at the depths of cruelty and inhumanity to which some of the survivors descend.

The Sovereign Spirit Saga has been described as "Battlestar Galactica meets The Walking Dead" and "a Star Trek of the Zombie Apocalypse." It draws on popular science fiction themes, such as a ship full of characters who face new challenges in each book, and places them in the midst of a present day zombie apocalypse. The series combines action, adventure and horror in a unique and compelling mix of survival, compassion and terror.

SAMPLE REVIEWS for "Voyage of the Dead" and "Flotilla of the Dead"

"What a truly entertaining read. I started reading on Friday morning and couldn't put the book down until I finished. Not just your everyday, run-of-the-mill, ho-hum story of the apocalypse." -- Paul Jones (Author of "Extinction Point" and "Toward Yesterday")

5.0 out of 5 stars A unique and highly detailed story, July 8, 2012
Voyage of the Dead - Book One Sovereign Spirit Saga (Kindle Edition)
As a fan of a good zombie story, I want to start off by saying this is one of the best ones I have read so far. David Forsyth does a great job of taking tried and true story, that of a "zombie apocalypse", and putting a unique spin on the concept.

5.0 out of 5 stars The best book/series I have read all year!
By Winona Wentworth "grandma nona"

5.0 out of 5 stars Amazing read!!! Better than the first book, and such a feat is rare! ...I had very high expectations of the second installment after reading the first book, but I have to say that it went far beyond my expectations. It was a FANTASTIC read!! I had a lot of instances where I felt my heart about to burst from excitement, anger, and happiness for the characters.

Note: There are even more reviews on GoodReads, including:

"It's also gotten to the point where I'm having badass zombie dreams after reading at night, and I love it when a good book isn't ready to let go of my mind even when I have finished reading it. These are books I will revisit over and over again."

and

"I'm a simple man. so all I really need in life is a good horse, a good saddle and a good book. I got the horse, I got the saddle, and now by golly, I got the book. This is an outstanding Zombie series that just keeps getting better, and I've read alot of Zombie books. Mr. Forsyth is a superb story teller. I don't usually dream about books, but I dreamed about this one 2 nights running. It's just one of those books I didn't want to end (thank God there's a 3rd one coming)."
