Why Am I Never Satisfied?

R. T. McDaniel

Why Am I Never Satisfied? R. T. McDaniel
Wealth, sex, power, amusement, fame, and security. Some are convinced that acquiring things such as these will provide lasting satisfaction. Across a lifetime, many people work tirelessly to grasp success and happiness and repeatedly arrive at a place of disenchantment and dissatisfaction. The problem is not that we human beings are unable to reach the objects of our desire; the problem is that reaching them inevitably reveals these objects' inability to fulfill.

Some people never seem to recognize the futility in chasing after happiness, success, or gratification. They do not reflect on how all previous accomplishments were less fulfilling than anticipated. They move on to the next thing hoping that it will be different this time, or perhaps they become cynical accepting that nothing really satisfies, and life is just the search for diversion and distraction.

However, there are many people who want to experience lasting enjoyment, not diversion. They have come to recognize the pattern of disappointment and have begun to seriously reflect on a key question: "Why am I never satisfied?" This insightful question is the beginning point for real change – and the possibility for real fulfillment. You see, while we chase endlessly after pleasures or successes, we can never focus on things that have a real chance at satisfying our souls.

In the book of Ecclesiastes, King Solomon began a journey of self-awareness and analysis which proves extraordinarily valuable to us today. With his intellect and his great material resources he investigated life and named humankind's various pursuits as "vanities" – empty things without depth. Solomon's writing is at times perplexing, but it is replete with profound wisdom. It is this wisdom and analysis we can utilize in our own pursuit for meaning.

This book is for restless seekers who can never be satisfied with conventional answers regarding the meaning of life. This book is for burned-out people who recognize most success and happiness strategies will never fulfill and that no amount of success, fame, or fortune can sustain happiness. This is a book about the futility of life… and the possibility of satisfaction.
