Organize Your Life In 1 Month: Sort Out Your Life In 1 Month Through Home Organization And Time Management (Home Organization, Life Instruction Book, Life, Home, Home Logic) Simon Wright

Successful people choose to live an organized life because this is the best means for them to achieve their goals. Without organization, it is easy to lose focus and succumb to endless distraction. However, without a goal, all attempts to organize one's home and effectively manage one's time will go down the drain. If you already have a goal, make sure to highlight it in such a way that it enters your mind at least once every day. Write it down on paper, post it on your bedroom door or stick it on your refrigerator, and look at it every single day to remind yourself of why you want to improve your lifestyle. It does not matter how superficial (go to the Bahamas and stay there for a month) or ambitious (earn a Master's Degree, and then a PhD) your goal is, because all that matters is you have one. In this book, you will find a detailed, practical guide on how you can organize your home, manage your time, and achieve your goals every day for thirty days. You will be guided from Day 1 all the way to Day 30, with specific timeframe details to help keep you on schedule. When it comes to sorting out your life, this book has you covered.
