This book contains two short stories. The first story teaches children to play cooperatively with peers. The second story shows children how to win and lose graciously. Each story is presented with delightful illustrations featuring a child who navigates a world that is sometimes confusing or intimidating. As he learns new social and coping skills, he gains a better understanding of how to react to or behave in specific situations. A perfect addition to the book is the section of comprehension questions at the end of each story. This ingenious idea reinforces learning and helps the reader thoroughly understand what's expected.
