What If.A walk through time James Elvis Horton
Throughout U.S. American History racism has played a key role in society. Often when we as a nation discuss slavery; it is from one point of view. The view is either as a black person telling their story of slavery from their thoughts as a Slave or as a white person doing the same as a Master. What I would like for everyone to do, is look at slavery as if the white man is the Slave and the black man is the Master.
