Bob Dylan (Portrait of the Artist's Early Years)

Bob Dylan (Portrait of the Artist's Early Years)
Bob Dylan was recently named by Life as one of the 100 most important Americans of the 20th century. In this photographic tour of Dylan’s breakthrough years, 1964 to 1965, Daniel Kramer shows the human side of this legendary figure — playing chess, making coffee, and in one whimsical moment, sitting in a tree — and also in the studio and onstage. An essay by the photographer sheds further light on the man and his music.
